I am fine with this addition. Phil?

Lisa, Phil dropped off a hard copy of the letter with Sandy but with her focus on Animas she may not get to it. I guess the bottom line is that no matter what, since they are signing, eventually Martin and/or Sandy will need to approve what I think is the “final letter” here.

Larry,

I had sent the letter to my ARA and deputy Martin Hestmark and Sandy Stavnes to make sure I incorporated their concerns and they were OK with letter. Both have been tied up with Gold King Mine Release since then (the river that was flowing yellow). In fact, I think Martin may be in Durango now. I will send Phil and David a note to see if they can get permission to move it forward.

I am on the response team and headed to Durango later today for what may be two weeks.
